Fonté Coffee Roaster announces new iced tea line

Fonté Coffee Roaster, Seattle's premium coffee roaster, today announced a custom line of iced-teas, adding to its tea offerings and creating an introductory line of its exclusive tea products. Dubbed the Select Series, the three new hand-crafted teas include: Classic Iced, a black tea with unique flavors drawn from a blend of several Asian teas; Mango Tropical, a blend of vanilla, mango and other tropical fruits; and Citrus Peach, which blends herbs, flowers, fruit and the black tea. These exquisite teas, featuring the best natural flavors and ingredients in the world, allow Fonté's hotel, restaurant and coffee bar clients to add a refreshing coffee-alternative to their summer beverage menu, creating a new revenue opportunity. The Select Series teas are available today at a wholesale price of \$14.95 per pound. Fonté super-premium coffee blends and teas are online at www.fontecoffee.com or by calling 1-888-783-6683.
