

## Fresh from the Pot: Fonte Coffee Roaster and Wine Bar Opening

Posted: Oct 12, 2009

Seattle's favorite, Fonte Coffee Roaster, opens its very own Cafe and Wine Bar. Located in the Four Seasons Hotel Seattle, across from the Seattle Art Museum, Fonte will offer premium coffee from around the world, a menu by renowned Chef and owner of *Crush*, Jason Wilson, and a wine list managed by Tysan Dutta, of *The Herbfarm* fame. Unique offerings at Fonte will include a "Cup of the Day" special—a selection of unusual, hard to source coffee—as well as "Coffee Flights"—a selection of different coffee blends that encourage customers to sample different coffee based on different origin and style. Customers are invited to sample coffee from around the world, including blends from Costa Rica, Brazil, Indonesia and Ethiopia.
